Directors of Jumbo Corp are pleased to announce that the company has renewed its agreement with OzEmail for a further 12 months to sell software online, and has expanded the agreement to include the sale of Art Union tickets via OzEpay. Under the terms of the agreement, Jumbo integrates the OzEpay online payments system into its software and OzEpay promotes the products to its customers via online methods.

ANTIVIRUS SOFTWARE SALES

The PC-cillin Anti-virus software is the main product sold to OzEmail customers under this agreement. The software is promoted on the OzEmail home page (www.ozemail.com.au) as a solution to customers virus problems. The recent virus alert surrounding the "BugBeer" virus has renewed interest in Anti-virus software resulting in an increase in sales.

ART UNION TICKETS

The promotion of art union tickets via the OzEpay home page (www.ozepay.com.au) has commenced ahead of the Christmas retail season. Jumbo derives commissions from the sale of tickets in recurring monthly draws of popular Australian art unions. Ticket sales are also promoted from the Jumbomall web site at www.jumbomall.com.
