## **Growth of the Ozlotteries.com website**

Manaccom has steadily built the Ozlotteries.com website over the past 3 years since acquiring TMS Global Services Pty Ltd in May 2005.

Significant investment has been made in improving the computer systems including ability to handle high traffic, enhanced security measures and development of time-saving features for customers.

This development has been a major catalyst for this new agreement as Ozlotteries.com was able to meet the high standards required by NSW Lotteries.

“NSW Lotteries Corporation has been impressed with the performance of Ozlotteries.com over the past few years and is pleased to continue the association for a further 5 years”, said Mr Nick Nichles, Chief Operating Officer of NSW Lotteries Corporation.

A phased rollout of the new association will take place over the next 6 months.
